TESTIMONIAL

Warszawa, 3 March 2014

Maximizing Resources has been supporting us in tailoring the corporate "Sales Academy" training programme to the local needs and running workshops for our Sales Professionals. The Project is managed by Piotr Jankiewicz, who is in charge of the overall communication and the workshops are run by Tarek El Zafarani – an experienced sales trainer, whose training skills are truly exceptional. The Project has received very positive feedback from our Sales People and we I am happy to recommend Maximizing Resources to the Prospective Client.

Kind Regards,
